INTRODUCING

WheelPro™

STRIDE™

YOUR PERSONAL CADDIE

ZERO FRICTION™

“We have developed the best products on the course.”

Zero Friction was founded to create innovative products that enhance the golfer's performance and experience. Our very first product was the patented 3 prong Tour Tee. Since its inception, the company has over 70 wins on the PGA Tour, was the 2009 official merchandiser of the Open Championship, and have made tees for both the PGA Championships and Ryder Cup Teams. We have transformed into a global golf company with distribution across the United States and 25 foreign countries.

Since 2005, we have developed the best products on the course. Our philosophy is rather simple. We develop a unique product assortment that is high quality, has a performance benefit, and is accessible to just about anyone. We price our products where consumers can afford them. We solely develop products that we would purchase ourselves.

See you on the links,

INTRODUCING

WheelPro

STRIDE

YOUR PERSONAL CADDIE

Zero Friction's newest innovation, the Stride electric bag trolley, is an autonomous electric golf bag with smartfollow technology. Unlike other golf trolleys on the market, the Stride is an all-in-one bag and trolley. The wheels can be removed in seconds allowing the bag to fit nicely on the back of a golf cart. The stride includes a rechargeable battery, has a built-in intelligent gyroscope control system for stability, speed control, soft start, and automatic stop.

The bag has a pocket-sized remote control that uses Smart Follow Technology to follow within three feet of you. There is also a built-in intelligent gyroscopic control system for stability, speed control, soft start, and automatic stop.

The bag itself is thirty-one pounds and the battery is four pounds, for a total of thirty-five pounds. The quick release 10-inch all terrain wheels allow easy storage and includes a travel cover. The frame is constructed with aircraft grade aluminum technology; and the bag itself is made of poly-leather so it is water repellent, has waterproof zippers and comes with a two-year warranty.

ZERO FRICTION™

ZF Victory 332™ Dozens

Winning! That's what the Zero Friction™ 4-Piece Victory™ golf ball is built for – from the inside out. It's layers give the ball a higher spin rate, providing a masterful amount of control which is critical around the greens. Combined with the 332 dimple pattern and surlyn soft feel outer, drives will take you further than ever before!

Features:

- Soft Feel Cover
- 90 compression
- Core promotes distance
- Inner mantle interacts with core for increased control
- 4-piece construction provides maximum distance and roll
- Includes one TurfTee per sleeve

MSRP: \$32.99

- 2 piece construction
- 90 compression
- Add 5 yards to your game
- Environmentally friendly
- Proprietary blended materials

MSRP: \$21.99
ZFW13

GB41002 /White

ZERO FRICTION™

B52™ 15 Pack

Experience the explosive power of the Zero Friction B-52 Distance Golf Ball. The B-52 design with 392 dimple pattern creates less spin and dispersion than a traditional 496 dimple ball. That is a 20% reduction in dimple pattern generating greater ball velocity and reduced spin resulting in longer drives. The 392-dimple pattern also rolls smoother on the green for more accurate putts.

Features:

- Rolls smoother on the green
- 392-dimple pattern
- Less spin and dispersion
- Greater ball velocity
- Reduced spin resulting in longer drives
- Explosive power
- 1 Turf Tee included per sleeve
- 15 golf balls per pack

MSRP: \$21.99

ZERO FRICTION™

ZF Power 3™ Tees

We enhanced the ZF Maxx tee to create the POWER 3. Giving you greater power and distance off the tee!

Features:

- A deeper 3-prong shape reduces friction even more than our ZFT Maxx resulting in more yardage.
- Provides maximum distance and accuracy

MSRP: \$7.99
ZFW350
